Summary of Legislation

The bill establishes the Temporary Youth Mental Health Services Program within the Office of Behavioral Health (OBH) in the Department of Human Services (DHS). The program reimburses providers for providing up to three mental health sessions to youths screened into the program. The OBH must develop a process to select providers; determine a reasonable reimbursement rate; and implement a statewide public awareness outreach campaign. The OBH must enter into an agreement with a vendor to create or use an existing web based portal made available to youth. The portal must have an age-appropriate mental health screening; allow providers to register and share appointment availability; connect youth to providers who will accept the youth's insurance; and allows a youth to schedule an appointment regardless of insurance status. On January 1, 2022, the DHS must report to the General Assembly on the implementation of the program. The program is repealed June 30, 2022. The bill appropriates \$9.0 million General Fund to the DHS for the program, which may be spent through the end of FY 2021-22.

State Expenditures

The bill will increase state expenditures by \$9.0 million and 1.8 FTE in FY 2021-22 only in the DHS as shown in Table 2 and described below.

Table 2
Expenditures Under HB 21-1258

	FY 2021-22	FY 2022-23
Department of Human Services		
Personal Services	\$131,602	-
Operating Expenses	\$2,700	-
Capital Outlay Costs	-	-
Provider Payments	\$6,926,694	-
Third-Party Vendor	\$1,039,004	-
Public Awareness Campaign	\$900,000	-
Centrally Appropriated Costs ¹	\$29,907	-
Total Cost	\$9,029,907	-
Total FTE	1.8 FTE	-

¹ Centrally appropriated costs are not included in the bill's appropriation.

Staffing Costs. In FY 2021-22 only, the DHS requires 2.0 FTE to contract with a vendor, monitor, manage, and ensure compliance of providers, and to coordinate a marketing and communication campaign. Costs in the current FY 2021-22 reflect the General Fund paydate shift.

Provider Payments. In FY 2021-22 only, the bill will increase expenditures to reimburse providers for providing services to youths. Assuming a reimbursement rate of \$270 (for three \$90 sessions) per child, the bill will serve up to 25,654 children. The actual reimbursement rate will be determined by the DHS.

Third Party Vendor. In FY 2021-22 only, expenditures in the DHS will increase to contract with a third-party vendor to manage, oversee, and implement the program and to develop a portal that includes an assessment tool, telehealth infrastructure, and reporting.

Public Awareness Campaign. In FY 2021-22 only, the bill will increase expenditures by \$900,000 to develop and launch a public awareness campaign to children and parents. This cost is based on similar statewide public awareness campaigns conducted by the DHS.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are estimated to be \$29,907 in FY 2021-22.

Effective Date

This bill was signed into law by the Governor and took effect on June 18, 2021.

State Appropriations

For the current FY 2020-21, the bill includes a General Fund appropriation of \$9.0 million to the Department of Human Services. This appropriation may be spent through the end of FY 2021-22.
